Description

If you've been wishing for a backyard pool, this is the one. It's heated, fully fenced, and sits right next to a deck, a patio, and a pergola, so there's a spot for everything from a quiet morning coffee to a Saturday cookout. The pool has a new

liner, pump, heater, and filter, and there's a safety cover for the off season.

The house is a solid brick ranch in Preston Forest with room to spread out. The great room has vaulted ceilings, skylights, and a fireplace, and it opens to a kitchen with granite counters and a tile backsplash. There's a sunroom off the kitchen that makes a nice breakfast nook or reading room, and hardwood floors run through the main living areas. The owner's suite is on the main level with its own bath, which is hard to beat after a long week.

The finished lower level gives you a lot of flexibility. There's a family room with a second fireplace, a flex space that would work as an office, a fourth bedroom with a full bath, and a laundry room with a sink. The two-car garage is oversized and drives under the house, so there's room for the cars and the pool gear too.

The expensive stuff is already taken care of. The roof, A/C, tankless water heater, plumbing, and gas heat have all been updated, windows are being installed, and the deck has new decking. You're a few minutes from Stone Drive, with shopping, restaurants, and the hospitals close by.

It's the kind of house where you can move in, unpack, and go jump in the pool or the leaves!
