Description

From the moment you step inside, it's clear this isn't your typical home. Rich architectural details, custom finishes, and thoughtful design create a space that feels both inviting and elevated. Walking distance to downtown's offerings, short drives to UVA-Wise and other schools, and close to the outdoor offerings in the beautiful mountains of Southwest Virginia.

As you walk in, you see the spacious living room anchored by a striking stacked stone entertainment wall framed with built-in cabinetry, a tray ceiling, crown molding, recessed lighting, and decorative exposed beams adding warmth and character throughout the main living areas.

The kitchen was designed to impress, featuring crisp white cabinetry, stainless steel appliances, an oversized island perfect for gathering, and a subway tile backsplash accented with beautiful stacked stone surrounding the custom range hood. Open shelving and stone columns seamlessly tie the kitchen into the dining area, giving the home a custom-built feel rarely found at this price point.

The primary suite is a retreat of its own, highlighted by spa-inspired finishes including dual vanities, elegant lighting, and an oversized walk-in shower wrapped in floor-to-ceiling marble-look tile with a frameless glass enclosure. Rustic sliding barn doors, spacious secondary bedrooms, a dedicated office, and a large laundry room with built-in workspace continue the home's blend of style and functionality.

Every room showcases thoughtful upgrades--from the decorative beams and crown molding to the stone accents and premium finishes--creating a home that's as beautiful as it is comfortable.
