Description

Riverfront Living in River Plantation

Wake up to water views every day in this custom-built riverfront home, set directly on the water in one of the area's most desirable communities. The expansive rear deck is made for morning coffee or evening entertaining, with the river as your soundtrack.

Inside, tall ceilings and abundant natural light set the tone. A private office (easily a 5th bedroom), formal dining room, and open-concept kitchen and living area create a layout that flows for everyday living and entertaining alike. The main-level primary suite is a true retreat, featuring dual vanities, a spa-style soaking tub, and generous closet space. Two additional main-floor bedrooms with custom built-ins, a full bath, and a dedicated laundry room round out the first level.

Upstairs offers flexible living with a bonus room, a spacious family room, and a full bath perfect for guests, hobbies, or extended stays.

Custom trim work and quality finishes are found throughout, reflecting true craftsmanship at every turn. Buyer to verify all facts and measurements.
