Description

Welcome home to 1719 Cindy Drive, where main floor living meets everyday comfort in a quiet Greeneville neighborhood. This 4 bedroom, 3 full bath home offers an open concept layout that makes everyday living and entertaining easy, plus a main floor primary suite for those wanting single level convenience.

The heart of the home flows naturally from kitchen to living space, and just off the dining area you'll find a sunroom that's perfect for three season dining, morning coffee, or simply relaxing with a good book. Out front, the porch offers a front row

seat to what the seller calls truly stunning sunsets, a view shared by the pool deck out back.

Speaking of the pool, the above ground salt water pool can stay with the home or be removed prior to closing, whichever suits the next owner best. The fully fenced backyard gives plenty of room to enjoy it, along with space for pets or play.

Downstairs, a huge unfinished basement with drive under garage access offers incredible potential, whether you're dreaming of a workshop, extra storage, or future finished living space.

Recent updates take a lot of the guesswork out of homeownership here. Siding and windows were replaced in 2024, the HVAC system was replaced in 2022, and the kitchen and laundry come equipped with newer refrigerator, dishwasher, washer, and dryer.

With ample parking and a peaceful setting, this one is ready to welcome its next chapter. Come see it for yourself.
