Description

BACK ON THE MARKET AT NO FAULT OF THE SELLER. One-level living, four garage bays, RV and camper parking, a fenced back yard, and no city taxes all less than ten minutes from ETSU, the VA, and JCMC.

Tucked near the end of a quiet cul-de-sac just outside Johnson City limits, this 3-bedroom, 2-bath home offers an unusual amount of flexibility this close to town. Two separate driveways lead to two main-level garage bays and two additional bays in the full unfinished basement, creating plenty of room for vehicles, a workshop, storage, a boat or outdoor gear.

The oversized lower driveway also provides generous parking space for an RV or camper.

Inside, the home's essential living spaces are conveniently located on one level. New LVP flooring runs throughout the main living areas, while a gas-log fireplace anchors the spacious living room. The primary suite includes a walk-in closet, and practical updates include a newer metal roof, tankless water heater and septic system pumped in 2026.

Outside, the large back deck offers plenty of room for grilling, dining and entertaining, with a hot tub that's included with the property. The fully fenced back yard provides space for pets, gardening, play or simply enjoying a little more breathing room.

The full unfinished basement adds even more flexibility with garage, workshop, storage and home gym potential today, plus the opportunity to finish additional space in the future.

If you've been looking for a home that can accommodate your vehicles, camper, boat, hobbies, and everyday life without giving up convenience to Johnson City, this one deserves a closer look. All information deemed reliable but not guaranteed. Buyer/buyer's agent to verify.
