Description

This inviting, well-cared-for brick ranch offers a wonderful combination of comfortable one-level living, flexible space, recent improvements, and a convenient location.

Inside, you'll find beautiful hardwood flooring throughout the living room, dining area, and bedrooms, complemented by tile or vinyl flooring in the kitchen, bathrooms, and sunroom. The kitchen features granite countertops, generous cabinet storage, and ample workspace, making it both attractive and functional.

One of the home's standout features is its versatility. Two additional rooms provide plenty of possibilities depending on your lifestyle. Create a cozy den, home office, TV room, hobby space, sunroom, or even additional sleeping areas. One of these rooms features an abundance of windows, filling the space with natural light. A laundry room and half bath conveniently located near the kitchen add to the home's practical layout.

Several significant updates have already been completed, including a heat pump approximately 3 years old, a water heater approximately 2 years old, and a paved driveway completed approximately 3 years ago. The home also features attractive black entrance railings and a durable metal roof installed in 2005.

Outside, enjoy a large, level yard with plenty of room for outdoor activities, gardening, or entertaining. The spacious paved driveway provides additional parking and convenient turnaround space, while the one-car garage offers additional storage and functionality. As an added bonus, the riding mower conveys with the property, making lawn maintenance that much easier.

The location is another major advantage, with Interstate 81 less than two miles away, providing easy access for commuting, shopping, dining, and surrounding areas.

With its solid brick construction, flexible floor plan, valuable updates, generous outdoor space, and convenient location, this home has plenty to offer its next owner. Schedule your private showing and come see the possibilities for yourself!
