Description

Welcome to Village on Green Spring, where elegance, comfort, and modern convenience come together in the heart of historic Abingdon. This exclusive community offers a rare opportunity to own a luxury single-level home with 2,080 sq. ft., including the garage, of thoughtfully designed space, now available at an introductory price of $549,900.

From the moment you step through the front door you'll be captivated by the attention to detail. The home features beautiful craftsman-style trim, and a spacious, open-concept design that flows seamlessly from the gourmet kitchen to the

inviting living and dining areas. The kitchen is a chef's dream, boasting shaker-style cabinetry, quartz or granite countertops, a convenient server bar, and premium appliances with both gas and electric hookups. Just off the kitchen, a private sitting area with a gas fireplace creates a cozy retreat, while the covered rear patio--prepped for automatic blinds and a TV--offers the perfect space to unwind outdoors.

The primary suite offers an oversized layout, dual walk-in closets, and a spa-like en-suite bath with a walk-in tile shower and body spray system. A well-appointed second bedroom and full bathroom provide comfortable space and privacy for guests, family, or a home office.

Built with exceptional craftsmanship and energy efficiency in mind, these homes feature foam-insulated walls and high-end Everlast siding, which requires no painting or caulking and comes with a lifetime warranty. Mitsubishi's high-performance heating and cooling system ensures year-round comfort, even in extreme temperatures, while Pella windows and doors fill the home with natural light.
