Description

Situated in the established Edgemont Subdivision and within the desirable Eastview School District, this well-maintained mid-century modern brick ranch features the convenience of single-level living with over 2,500 finished square feet of thoughtfully designed space.

The interior includes 4 bedrooms, 2 full baths, and various living areas that offer flexibility for daily activities, entertaining, hobbies, or remote work. The inviting foyer showcases classic flagstone flooring, highlighting the character and charm throughout the home.

The spacious kitchen is equipped with a breakfast bar and dining area, along with a functional butler's pantry-style workspace that includes additional cabinetry, shelving, and prep space. A formal dining room provides an ideal setting for holiday gatherings and special occasions, while the oversized den/rec room offers ample space to relax.

The primary suite serves as a personal retreat, complete with a walk-in closet, dressing area, double vanity, and separate shower. A private entrance leads directly to the covered flagstone patio, providing a pleasant spot for morning coffee or evening relaxation.

The outdoor areas are equally appealing, featuring a level backyard, new front and rear fencing, a screened porch, private courtyard, and established garden beds suitable for flowers, herbs, or vegetables.

Recent upgrades include new luxury vinyl plank flooring, a new stove and dishwasher, and updated light fixtures throughout, making this home ready for immediate occupancy while maintaining its classic mid-century charm.

This represents a unique opportunity to acquire a spacious one-level home that combines character, functionality, and outdoor living spaces in one of the area's most well-established neighborhoods.

Additional improvements include a heat pump (2020), new plumbing (2020-2021), and a new roof (April 2021).

Buyers and their agents are advised to verify all information.
