Description

Breathtaking mountain views, over an acre of property, timeless character, and an incredible location within walking distance of historic downtown Jonesborough make this one a must-see! Tucked away among mature trees, this home

offers a wonderful sense of privacy while keeping shopping, dining, schools, and everyday conveniences just minutes away.

Inspired by the architectural style of Frank Lloyd Wright, the home was built with high-end architectural details, including a steel beam running through the ceiling of the main level. The distinctive floor plan was designed for both comfortable everyday living and entertaining. The main level offers convenient one-level living with spacious gathering areas, a beautiful brick fireplace, brick accent walls, and an abundance of natural light. Parquet flooring is believed to be beneath the carpet, offering an opportunity to uncover even more of the home's original character.

The main-level primary suite features his-and-hers closets and a sitting area, creating a wonderful private retreat. The other level offers three additional bedrooms along with its own living room, kitchen area, and dining area, providing incredible flexibility for guests, extended family, or multi-generational living.

Outside, a lovely brick patio provides the perfect place to relax, entertain, and take in the beautiful surroundings. And when it's time for Jonesborough's fireworks, you may have one of the best seats around right from home!

An unfinished area of the home is already plumbed and offers exciting potential for a future one-bedroom apartment or in-law suite, guest quarters, or additional living space. There is also plenty of storage throughout the property. Additional features include a metal roof and newer gutters.

With over an acre, mountain views, mature trees, room to entertain, flexible living spaces, future expansion possibilities, and the ability to walk to charming downtown Jonesborough, this property offers a combination of location, character, and potential that is hard to find.
