Description

Welcome home to this inviting 4-bedroom, 2-bath property situated on a spacious 3/4-acre lot at the end of a cul-de-sac. The primary bedroom and laundry room are conveniently located on the main level, while the generous lot provides plenty

of elbow room from the neighbors. Conveniently located near restaurants, the hospital, shopping, and everyday amenities, this home offers the best of both convenience and privacy.

Step inside to an inviting open-concept living space centered around a beautiful rock, gas-log fireplace that creates a warm focal point for the living room. The massive kitchen offers an abundance of cabinetry and countertop space, stainless steel appliances, and a rolling island that provides additional workspace and flexibility. Just off the kitchen, the large laundry room offers excellent functionality and easy access to the attached two-car garage, which also provides additional room for storage or a workshop area.

The main-level primary bedroom offers plenty of space and privacy, featuring two large closets and convenient access to the full bathroom with double sinks. The second bedroom on the main level offers excellent flexibility and would make an ideal home office, playroom, guest room, or additional living space.

Upstairs, you'll find two additional oversized bedrooms, a large full bathroom, and additional storage areas, providing plenty of flexibility for family, guests, hobbies, or whatever best suits your needs.

The backyard is truly a gathering oasis! A large back deck features a covered canopy area along with plenty of room for a backyard table, making it the perfect spot for grilling, entertaining, or relaxing. An above-ground pool adds even more summer fun, while the fenced backyard provides a secure space for kids and fur babies to enjoy. A gravel area along the side of the home offers convenient space for storing an RV or trailer or for adding a storage shed.

The home also features an encapsulated crawl space with a commercial dehumidifier in place. Updates and improvements over the past two years include interior paint, new flooring upstairs and in the primary bathroom, new light fixtures, a 2024 stove, 2025 pool liner, stained deck, updated gas logs, and approximately \$10,000 in added supports under the home.

Both refrigerators, located in the kitchen and garage, remain with the home. Curtains and propane tank do not convey. The water softener system is leased through Culligan.

With its spacious floor plan, main-level primary bedroom and laundry, oversized kitchen, abundant storage, attached garage, and fantastic fenced backyard, this home offers a wonderful combination of comfort and functionality.
