Description

Set on a cul-de-sac in Mount Carmel, 929 Nantucket Avenue offers the space and flexibility to make a home your own. This brick home has 3 bedrooms, 2 full baths and approximately 2,700 finished square feet, with 1,350 square feet on

each level. The nearly one-acre lot provides a generous yard with room to garden, play or simply enjoy the outdoors.

On the main level, the large kitchen offers abundant cabinet and counter space, plus a dining area with additional built-in storage. Just beyond it, the sunroom brings in natural light and offers a comfortable place to gather while looking out over the backyard. The main living room, three bedrooms and a full bath complete this level. The primary bedroom also features an exceptionally large walk-in closet.

The finished basement adds another dimension to the home. Its spacious living area has a brick fireplace and wet bar, while a second kitchen and full bath make the lower level especially useful for guests or an in-law arrangement. There is also space for an office or hobby room, along with a workshop and additional storage. A covered two-car carport, ample driveway parking and an outdoor storage building round out a property with plenty of room to live, work and gather.
