Description

Updated 2-bedroom, 2.5-bath home with mountain views, a full basement, and drive-under 2-car garage! Situated on a level lot, this home offers a comfortable floor plan, plenty of storage, and several recent interior improvements.

Inside, you'll find new flooring throughout much of the home, with the exception of the bedrooms and bathrooms, along with fresh interior paint throughout. The dining area provides an abundance of cabinetry for additional storage and includes a convenient pantry closet.

Upstairs are two carpeted bedrooms along with the guest bath that features a single vanity and tub/shower combination. A full bath is also located downstairs, giving the home a total of approximately 2.5 baths.

The basement provides excellent additional space and includes a room that could potentially be finished for additional living or recreational space, along with a 2-car drive-under garage. Additional storage is available beneath the laundry addition.

Exterior features include a metal roof, asphalt driveway, vinyl and stone accents, and a level yard with a mountain view from the rear of the property. The home is connected to sewer and offers a combination of practical living space, storage, garage space, and beautiful East Tennessee scenery.

The adjoining lot is also available at MLS # 10001684. All information taken from a third-party source (courthouse/tax records) and to be verified by the buyer/buyer's agent.
