Description

Mountain views right from your back deck!

Quality you can see and feel! This beautifully maintained 3-bedroom, 3-bath home with a 2-car garage offers exceptional construction, thoughtful updates, and pride of ownership throughout. Built with quality in mind and lovingly cared for by only two owners, this is the kind of home that is becoming harder to find.

The main level offers a comfortable, functional layout, while the downstairs finished basement provides a large additional living space and full bathroom, perfect for a family room, recreation space, home office, or guest area. The remaining portion of the basement serves as the spacious 2-car garage. Two HVAC units provide added comfort and efficiency throughout the home.

Step outside to enjoy the partially fenced backyard and back deck, newly built in 2025, offering a great space for relaxing, grilling, or entertaining.

For additional peace of mind, the home includes a 5-year transferable home warranty along with an existing termite and pest control contract. The current owners are relocating for work and hate to leave this exceptionally well-built and well-maintained home. If quality construction and a home that has truly been cared for are at the top of your list, 510 Gaye Dr deserves a closer look! Septic just pumped in 2026, a radon system was added in 2025 for added peace of mind. Both the new and previous owners were meticulous with maintenance and records, which will pass along a well maintained home to you!
