Description

Welcome to this spacious brick raised ranch situated on approximately 1.5 acres, offering plenty of room inside and out along with a versatile lower-level in-law suite.

The main level features an oversized living room with a gas fireplace, a designated dining room, and an eat-in kitchen with new cabinetry, countertops, and appliances, including a gas range. A pantry provides additional kitchen storage. Hardwood floors run throughout much of the main level, with new flooring in the kitchen and bathrooms. Fresh interior paint gives the home a clean, updated feel.

You'll also find three bedrooms on the main level, including the primary bedroom with a private half bath, along with a full hall bath.

One of the home's standout features is the lower-level in-law suite, complete with a bedroom with new carpet, kitchen and living area, and full bath. This flexible setup provides added privacy and could be ideal for extended family, multigenerational living, long-term guests, an older child, or anyone who would benefit from having their own space while remaining under the same roof. The unfinished portion of the lower level provides additional storage and room for a workshop.

Additional updates include a roof and gutters replaced in 2025. With generous living space, an updated kitchen, a private in-law suite, and plenty of storage, parking, and outdoor space, this home offers a unique combination of space, versatility, and multiple living options in one property.
