Description

Thoughtfully designed and custom built for its original owner, this Johnson City home brings together natural light, comfortable living spaces, and a beautiful connection to the outdoors. The owner personally designed the home and meticulously supervised its construction. The main level features a spacious living room with a vaulted ceiling and a striking wall of windows overlooking the scenic backyard. Natural light fills the space and draws your attention to the trees and privacy beyond. The well-appointed kitchen offers generous room for meal preparation, abundant cabinet storage, and an open dining area where everyone can gather. Step outside to the oversized deck and enjoy your morning coffee or

an evening meal surrounded by nature. A bedroom, bath room and the laundry area are also located on the main level. Upstairs, the primary suite offers a large custom walk-in closet and a bath designed for relaxation, complete with a soaking tub overlooking the scenic surroundings, a walk-in shower, and a large vanity with a seated preparation area. An additional bedroom and full bath complete the upper level. The other bedrooms also feature custom closet designs. Downstairs, additional living space features custom built-in cabinetry and room for a home office or learning area. Additional storage and walk-out access to the backyard complete the lower level. Updates include a new gas water heater and dishwasher in 2025 and a new garage door in 2024. The siding, roof, gutters, downspouts, and exterior lights were replaced in 2011. Centrally located in Johnson City, this one-owner home offers convenient access to schools, shopping, restaurants, and recreational activities.
