Description

Tucked among the trees on 1.2 acres in Butler, Tennessee, this home sits within the gated Bear Ridge Estates community.

Custom-built in 2020, it has a wood and stone exterior and wood trim, beams, and wood ceilings inside. High ceilings and tall doors and doorways add to the open, spacious feel.

The open kitchen and living area overlook the beautiful wooded surroundings, with large windows that let in plenty of natural light. The kitchen features quartz countertops, stainless-steel appliances, a farmhouse sink, a tile backsplash, and a large island with seating. The adjoining dining area has a wood ceiling and outdoor views.

All three bedrooms are on the main level in a split-bedroom layout, with the primary suite on one side of the house and two additional bedrooms and a full bath on the other. The primary suite opens directly to the covered rear porch and includes a double vanity, a large tiled walk-in shower, and a walk-in closet with built-in shelving and drawers.

Upstairs, a spacious second living area features a vaulted ceiling with wood accents, an office nook, and space for exercise equipment or hobbies. The main-level laundry room includes a folding counter, shelving, and an outside entrance near the garage. The home also has a tankless water heater for on-demand hot water.

The covered rear porch offers plenty of room for outdoor dining and seating, with an open deck overlooking the wooded backyard. A walkway leads to a separate gathering deck with a fire pit, a great spot for a cool evening. A covered front porch and a detached two-car garage with room for storage or a workbench complete the property.
