Description

This beautifully maintained 1929 brick Craftsman home within walking distance of downtown Greeneville offers three bedrooms, two full baths, a separate den, and a full basement. Original hardwood floors in the main living area and built-

ins preserve the home's character. Large windows fill the spacious living room with natural light, and a fireplace with natural gas logs anchors the space. A wood-accent ceiling and updated light fixtures give the dining room a style of its own. The updated kitchen features granite countertops, white cabinetry, matching stainless steel appliances, tile flooring and backsplash, and shiplap walls. A pass-through connects the kitchen to the den, which offers a second living space. Upstairs, generously sized bedrooms, a bonus room, and a full bath offer plenty of room to spread out. A two-space carport and a one-car garage provide covered parking. Recent improvements include a heat pump installed in 2026, a metal roof, updated plumbing throughout, a water heater, porch flooring and ceiling, recessed lighting, insulation, an electrical panel, a foundation drain, and gutters. This move-in-ready Craftsman pairs original character with thoughtful updates.
