Middle School: Liberty Bell
High School: Science Hill

Description

Some homes are simply beautiful. Others have a way of making you feel something the moment you arrive.

Perched atop a hill in The Ridges, one of the area's most prestigious golf communities, this remarkable stone home brings together the timeless character of an English manor with modern comfort and convenience. Situated to showcase the surrounding mountain views, there's no doubt that the home makes an unforgettable first impression. However, what awaits inside truly sets it apart.

At the heart of the home is a kitchen that deserves its own introduction. Designed to be as functional as it is beautiful, this extraordinary space features floor-to-ceiling custom Plato cabinetry, quartzite countertops, and a stunning 16-foot island that naturally becomes the gathering place for everything from morning coffee to holiday celebrations. A built-in Miele coffee system, paneled refrigerator, double dishwashers, beverage coolers, pot filler, and an impressive Galley workstation sink are just a few of the details that make everyday living feel a little more exceptional.

The main level offers a wonderful balance of grand entertaining spaces and comfortable places to unwind. An oversized foyer welcomes you inside, while two distinct living areas, a spacious formal dining space framed by a floor-to-ceiling window, and a beautifully appointed kitchen create an effortless flow throughout the home.

Tucked away on the main level, the primary suite offers a private retreat of its own. The spa-inspired bathroom features heated floors, a multi-head shower, Jacuzzi tub and generous vanity space. The custom closet is equally impressive, with floor-to-ceiling cabinetry and softly illuminated, dimmable shelving that makes even the everyday routine feel luxurious.

Upstairs, four generously sized bedrooms are thoughtfully arranged in two Jack-and-Jill suites, with each pair of bedrooms sharing a connecting bathroom. Two separate staircases provide convenient access to the upper level, while thoughtful details like an upstairs laundry chute and custom under-stair storage make a home of this size remarkably easy to live in.

The finished lower level opens up an entirely different world of possibilities. A second living area with a gas fireplace and custom built-ins flows into a kitchenette complete with an island, dishwasher, and microwave, making it ideal for movie nights, entertaining, or extended stays. A dedicated fitness space includes a children's play area with its own rock-climbing wall, while a spacious office and additional flex suite with an attached bathroom offer incredible versatility. qu
And the thoughtful design doesn't stop at the back door.

Outside, a beautiful patio with a water feature and built-in fire pit invites evenings spent relaxing, entertaining, or simply enjoying the surroundings. Multiple gas connections, an irrigation system, and even instant hot water outdoors add convenience to an already exceptional setting.

Behind the beauty is a home designed for the realities of everyday life, with whole-home water filtration, a whole-house speaker system, multiple water heaters, a main-level laundry room with dual washer and dryer connections, and a separate lower-level garage complete with a dog wash.

And beyond the home itself, The Ridges offers a lifestyle all its own. At the heart of the community is Blackthorn Club. Membership opportunities include access to a beautiful private golf course, swimming pool, sports courts, restaurant and bar, and a welcoming clubhouse that brings members together for social gatherings throughout the year.

A rare opportunity to enjoy timeless architecture, exceptional craftsmanship and an extraordinary lifestyle in one of the area's most sought-after communities.
